

Enhanced Subscription Plan (ESP): includes internet access, maintenance and support response. Resulting in trouble-free response and keeping CCC supplied internet technology up to date										Fixed Point wireless rates and Terms
	This plan is no longer being offered	Objective: Residential service only. VoIP only 1 digital line will be supported. Service response is 3 business day return phone call (remote) with a dispatch within 7 business days.			Objective: Residential service and business service. If using VoIP, only digital lines will be supported and a separate queue will need to be established for handling priority routing of voice traffic. Service response is return call same business day (remote) with a dispatch within 3 business days. Requires specific reporting procedures to be addressed and followed.					Some service levels may require redundant internet service plans and redundant power to meet response time agreements.
